Re: Docket 05-196, Subscriber Notification report

Ms. Dortch:

This letter is in compliance with the Enforcement Bureau's requirements in Docket 05-196 concerning interconnected voice over Internet protocol providers ("VoIP"). CommPartners is an interconnected VoIP provider headquartered in Las Vegas, Nevada. CommPartners is currently a wholesale-only provider of VoIP services. As such, CommPartners does not specifically provide VoIP to end user customers. Instead, CommPartners sells its services on a wholesale basis to "partners," including wireless Internet service providers and network integrators. CommPartners now has 60 wholesale customers in service as of the date of this filing. As such, no wholesale customers will be disconnected on September 28th.

All 57 wholesale customers have provided affirmative acknowledgement regarding the limitations of CommPartners' 911 emergency services. Likewise, all customer premises equipment ("CPE") provided by CommPartners to its wholesale customers contains 911 warning stickers. For CPE not provided by CommPartners, CommPartners has made available such warning labels at no charge.

Please contact me if any further information is required in this docket.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Kristopher E. Twomey". The signature is fluid and cursive, with a long horizontal stroke at the end.
